TREATMENT INFORMATION

Please read and initial each item

_____ I understand to only take the prescribed dosage of oral medication that I am given and I will not give the medication to another person.

_____ I will notify this office of any and all changes of prescribed and over the counter medications I am taking, including strength and dose.

_____ I will update this office whenever I have a new diagnosis or new medical issue I am being treated for by all other medical offices I receive care from. This includes psychiatric or emotional disorders as well as any new medications prescribed elsewhere.

_____ I understand I will receive my weight management participation medical examination at Physicians Weight Clinic, for the sole purpose of the weight management program. All medical staff's directives and treatments should not be regarded as care from a primary care physician.

_____ I understand all injections have inherent risk which may include, but not be limited to: bruising, bleeding, infection, injection site reaction and allergic reaction.

_____ Federal regulations require packaging of medication in child-resistant containers to prevent accidental ingestion.

I have read, understood, and agreed to all of the above items, and have initialed each one.

HIPAA NOTICE OF PRIVACY PRACTICES

How your health information may be used:

TO PROVIDE TREATMENT

We will use your Health Information within our office to provide you with the best health care possible. This may include administrative and clinical office procedures designed to optimize scheduling and coordination of care between physician assistant, nurse practitioner, nurse physician and business office staff. In addition, we may share your health information with referring physicians, clinical and pathology laboratories, pharmacies or other health care personnel providing you treatment.

TO CONDUCT HEALTH CARE OPERATIONS

Your health information may be used during performance evaluations of our staff. Some of our best teaching opportunities use clinical situations experienced by patients receiving care at our office. As a result, health information may be included in the training progress for students, interns, associates, and business and clinical employees. It is also possible that health information will be disclosed during audits by insurance companies or government appointed agencies as part of their quality assurance and compliance reviews. Your health information may be reviewed during the routine processes of certification, licensing or credentialing activities.

PATIENT REMINDERS

Because we believe regular care is very important to your general health, we will remind you of a scheduled appointment or that it is time for you to contact us and make an appointment. Additionally, we may contact you to follow up on your care and inform you of treatment options or services that may be of interest to you or your family. These communications are an important part of our philosophy of partnering with our patients to be sure they receive the best care modern medicine can provide. They may include letters, telephone reminders, or voice mails regarding labs or future appointments. Please be sure the receptionist has your current contact information to insure accuracy and your privacy.

FOR LAW ENFORCEMENT

As permitted or required by State or Federal law, we may disclose your health information to a law enforcement official for certain law enforcement purposes, including, under certain limited circumstances, if you are a victim of a crime or in order to report a crime.

AUTHORIZATION TO USE OR DISCLOSE HEALTH INFORMATION

Other than is stated above or where Federal, State of Local law requires us, we will not disclose your health information other than with your written authorization. You may revoke that authorization in writing at any time.

I have read and understand the above information.
